

# Order of Service

Order of service sheets for your loved one are a very personal choice and we will enable you to say your own farewell in the manner you choose. They can be a lasting memory of the service and can be a nice way to pass on messages to those who attend the service, e.g. to announce nominated charities for donations or invitations to food and drink following the service.

We are fully aware that the production of these items is time critical, therefore we can print funeral service sheets extremely quickly in accordance with your needs.

## WHAT QUANTITY SHOULD I ORDER?

Our advice is to order slightly more cards than the number of people you expect to be at the service, there will always be people there that you didn't expect, also there will always be some people that cannot attend and often people like an order of service as a lasting memory.

## WHAT WILL HAPPEN AFTER I PLACE MY ORDER?

After we have received all the information for your order we will set the artwork and prepare a proof for you to view. At this point we can make any changes that you would like us to make. Once your proof is approved the Order of Service will then be digitally colour copied.
